

July 1, 2021

Dear Stonehill Communities Resident Families, Staff, Board Members, and Friends,

As you may have noticed there are some exciting changes happening on the Stonehill campus. Construction has begun on the new building that will house the new administrative offices for Stonehill Communities, as well as a new Caregiver Resource Center, and additional space for outpatient therapy. This project also creates a new studio space and enhanced bathroom and locker room space for the wellness center. This project is expected to take approximately one year and be complete summer of 2022.

During this time there are some changes that you should be aware of. We thank you for helping us navigate these temporary changes and appreciate your patience during construction.

We are working on signage on campus to help with way-finding and where to park.

Here are the main informational points we would like to make you aware of:

- The parking lot for Wellness Center, HR, and Outpatient Therapy will be closed beginning next week. Please do not enter this construction zone.
- Parking for wellness center members will be available in the Lot 3 behind the Stonehill Health Center – enter the main drive onto Padre Pio Dr. and drive under the sky bridge and turn into the parking lot on the left.
- Wellness Center members may enter through the back door. It will be unlocked, but you should swipe your barcode at the Wellness desk.
- The front door to the Wellness Center and the former HR and Outpatient Therapy doors will be locked and should only be used in case of emergency.
- Visitors may still park in the main lot near the entrance or in Lot 1 in front of the new Assisi Village building. Parking will be available along Padre Pio Dr, but may be interrupted at times by construction.
- Outpatient therapy is being moved to the Ground Floor household of the Stonehill Health Center. Outpatient therapy will provide patients with visitor badges to enter the employee entrance and a doorbell will be added if they have trouble entering the building. The doorbell will be monitored by therapy staff. Please contact Therapy staff if you have questions at 563-690-9637.
- Outpatient therapy patients will park in Lot 5 (these spots will be marked).
- If visiting Human Resources or the Business Office there will be dedicated parking spots in Lot 4 (behind the HR/Business Office building).
- Yin Yoga participants do not need to check in at the Wellness desk they will enter through the lower level doors to the Education Center and sign in with instructor for class

If you have any questions about these temporary changes, please contact me at 563-557-7180.

Thank you,

Peggy Stockel
